

Full Paper Submission is now open for “NDT & E International”

<https://www.sciencedirect.com/journal/ndt-and-e-international/about/aims-and-scope>

We are pleased to announce that the full paper submission period is now **open** for NDT & E International, a peer-reviewed journal published by Elsevier. This submission option is reserved only for manuscripts **presented** during the ECNDT 2026 conference.

ECNDT Authors interested in publishing their full paper in **NDT&E International** are invited to prepare their manuscripts in line with the **Aims and Scope** of the Journal:

<https://www.sciencedirect.com/journal/ndt-and-e-international/about/aims-and-scope>

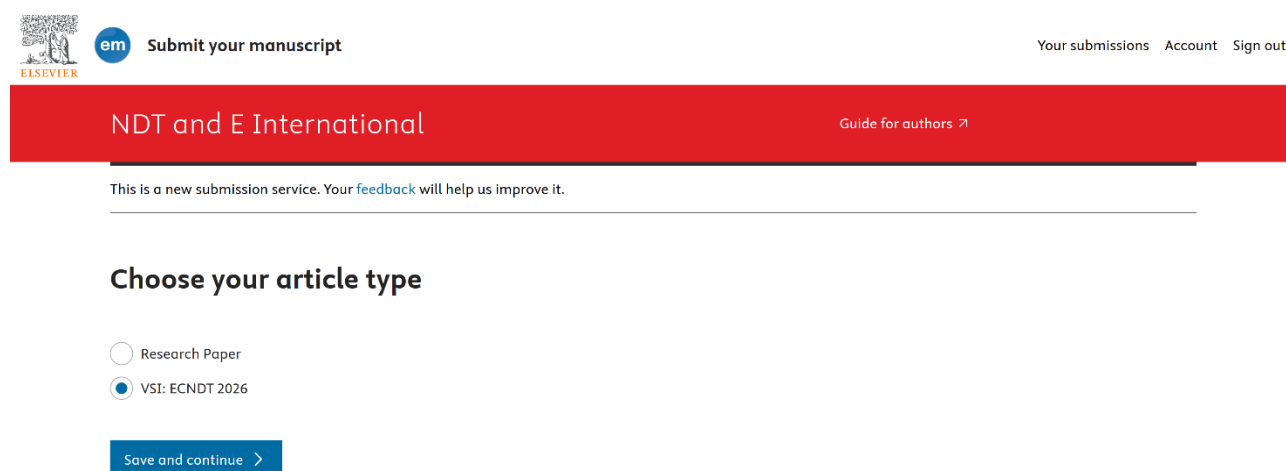

and according to the **Guide for Authors**:

<https://www.sciencedirect.com/journal/ndt-and-e-international/publish/guide-for-authors>

When submitting a manuscript at:

<https://submit.elsevier.com/NDTEINT/submissions>

Authors are required to choose the article type option “VSI: ECNDT 2026”:

em Submit your manuscript

and **write explicitly** in the cover letter that the manuscript has been presented during the ECNDT 2026 conference.

Full paper submission deadline: 15 September 2026

Publication costs are **free** unless the **open access option** is selected. Authors opting for open access are **responsible** for covering the full publication costs. ECNDT 2026 **will not cover any publication costs**, either in full or in part.
