

7th SLEuro

Advanced Workshop on SLE

12-13 SEPTEMBER 2025

TALLINN, ESTONIA

FINAL PROGRAMME

PRESENTATION

It is our great pleasure to invite you to the 7th SLEuro Advanced Workshop on SLE, which will take place on 12-13 September 2025 in the captivating city of Tallinn, Estonia. Renowned for its rich history, and beautifully preserved medieval architecture, Tallinn offers a unique and inspiring setting for this important scientific event. As you engage with the latest developments in lupus research, you'll also have the opportunity to explore the charm of this dynamic city, where centuries-old traditions meet cutting-edge innovation.

Hosted by a distinguished panel of experts and local faculty, the SLEuro Workshop aims to provide an interactive, high-level platform for exchanging insights into the clinical challenges and advanced treatments of SLE. Our comprehensive program will cover a wide range of topics, including disease pathogenesis, novel therapies, translational medicine, and the latest strategies in clinical management. With international participants and faculty, this workshop offers also valuable perspectives on regional approaches to lupus care.

With thought-provoking discussions, real-world case studies, and meaningful networking opportunities, this workshop promises to be a rewarding experience for all participants - whether you are seeking to expand your expertise or remain at the forefront of lupus care. Together, we continue to advance the science and understanding of this complex disease.

We look forward to welcoming you to Tallinn.

Best regards,
